

Darren Earnshaw PT, MMT, Cert MDT, COMT, FAAOMPT

Darren is a Certified Orthopaedic Manual Therapist and a Fellow of the American Academy of Orthopedic Manual Physical Therapists. Darren has studied under world renowned physical therapists such as; Chris Showalter, Robin McKenzie, Brian Mulligan, Peter O'Sullivan and Bob Elvey. Mr. Earnshaw received his Masters in Manipulative Physiotherapy ('96), and his B.S. in Physiotherapy ('92) from Curtin University in Western Australia. Darren also completed a one-year residency program focusing purely on musculoskeletal rehabilitation and has extensive background in Australian and Nordic manual therapy approaches, and is McKenzie Certified. He is currently enrolled in the Washington University St. Louis movement science fellowship. Darren is a MAPS faculty member and a Senior Faculty Advisor and 1:1 Mentor for the MAPS Orthopedic Manual Therapy Fellowship, and presented at three MAPS Symposiums on "The Value of Palpation" and "Clinical Reasoning." He is also an Assistant Adjunct Professor to the University of Illinois manual therapy fellowship program. Currently the Clinical Manager of an outpatient Physical Therapy facility in North West Indiana, Mr. Earnshaw has over 20 years of experience. Darren specializes in musculoskeletal rehabilitation, injury prevention, and is a strong exercise advocate. Darren's experience, vast knowledge, and extensive training, makes him a valued member of the MAPS faculty.
